

FPI 4700

REAL. SIMPLE. MAILING.

Efficient, High Performance Folding & Inserting

FPI 4700

FOLDER INSERTER

Boost the efficiency of your mailroom one job at a time.

The FPI 4700 is the perfect match for complicated mailroom processes. The FPI 4700 offers an enhanced efficiency that stretches the value of your mailroom. The easy-to-use interface and improved user experience truly allow you to maintain easy, uninterrupted mail production.

- Processes up to 3,800 envelopes per hour.
- Easy-to-use 7" color touch screen.
- Barcode, OMR and OCR reading capabilities.
- Holds up to 1,200 sheets in one tray.
- Optional MaxiFeeder for increased capacity and paper media options.

Intuitive Display

The full color HD touchscreen not only looks great, it is easy-to-use. The interactive graphic display lets you intuitively control all machine functions.

Adaptable

The FPI 4700 adapts to fit your workload. With its flexible feeder trays and output options, it can handle up to 1200 documents in a single feeder tray and up to 500 envelopes in its high-capacity vertical stacker. It's compact size makes it perfect for any size mailroom.

Knife Fold Technology

The powerful, yet quiet, knife folding technology is capable of simultaneously folding up to 10 sheets of paper. Our knife-fold technology promises a crisp, clean fold everytime.

High Capacity Stacker

Holds finished envelopes.

Customizable Feeders

Feeders with the capacity to fit any job.

Intuitive Display

Full color, high definition touch screen

Smart Feeders

Process multiple sized documents.

Multiple Exits

Choose the right exit for your needs.

Envelope Feeder

Load envelopes on-the-fly.

Prefold Accumulator

Stacks and aligns documents before folding.

Insert Fingers

User adjustable fingers that allow for a variety of envelope styles.

Knife Fold Technology

Accurately folds up to 10 sheets.

Savvy solutions that adapt to your **expanding** mailroom.

FP has versatile solutions that are designed to grow with your mailroom needs.
